RENAISSANCE

Who we are

Renaissance was founded in 1996 by three directors who between them now have a combined total of 86 years in the business. Add to that, the service of the rest of our fantastic team and we anticipate reaching our 100 year total sometime soon! Since we were formed, we have prided ourselves in bringing the best picture frame mouldings in the world to the UK market.

We are established as an independent, national, wholesale supplier of quality picture framing products to UK framers. We value all our customers from picture framers and galleries to individual artists, photographers and hobbyists. We specialise in a wide range of innovative picture frame moulding, with the emphasis on quality and design which is why all our mouldings are made from wood. Our products are sourced worldwide, the range is our unique selection and is ever changing to reflect the latest home furnishing trends.

We stock in excess of 800 moulding patterns together with related picture framing products including Colourmount mountboard, tapes, stretcher bars, backing board and hardware. We provide a renowned special order service for made to measure stretcher bars and offer an excellent on-site bespoke framing service for local customers who are able to visit us.

We do not insist you buy whole packs as we know you may not want to keep stock of lengths you are not going to use. However, our priority is to send orders large enough to support themselves during transit with our national carriers.

Our minimum is £50.00 (ex. VAT), 6 medium thickness lengths (or equivalent) and 20 sheets of board to fill a box. If minimum requirements are not met, damage claims will not be accepted.

Minimum values do not apply to goods collected from our Trade Counter or for some smaller items which can be easily posted or sent by carrier at our discretion. These include special size stretcher bars and most of our sundry items. Please contact us with details of your order if you are in any doubt.

Changes to Orders Placed

Each order is sent to our warehouse as soon as possible. Therefore, any changes must be made within one hour after which a new order will be raised.

Back Orders

Back orders for out of stock items (account customers only) will be sent as soon as they are available provided the minimum order criteria is met.
